Black History Month Celebration

Hannan families, in honor of Black History Month, we will have daily class activities to celebrate and commemorate the lives and many accomplishments of African-American scholars, educators, athletes, politicians, activists, inventors, musicians, actors, etc. We are also asking our students to participate each Friday in the month of February as we wear school appropriate representations of African attire to celebrate this awesome month. Each day, we will also feature a prominent African American figure on WHKL. Join us as we celebrate achievements in Black History!
